Contractor shall provide labor, material and plant facility the two main rudders and the four flanking rudders in ac G005, Rev 4.	ies to repair, weld, and machine to replace rudder stock on ecordance with paragraph 5.0 of Specification 31D00- \$
Contractor shall provide labor, material and plant facilities pockets in accordance with paragraph 5.0 of Specification	

FIELD CHANGE REQUESTS (FCR) – BARGE/PUSHBOAT: In the event replacement of shaped plate or straight plate on the Barge or Pushboat is required, all FCRs will be funded with <u>Non-Recovery funds</u> and will be negotiated modifications to the FFP contract.

Ship To: All requirements herein shall be delivered FOB Destination. It is anticipated that all work will be completed at the contractor's facility.

Period of Performance: The period of performance shall be forty five (45) calendar days from delivery of the Pushboat, but no later than September 30, 2010; and 120 calendar days for the Barge to the contractor's facility, but no later than September 30, 2010.

Contract Completion: This contract shall be considered complete when all items have been delivered and accepted by designated SSC personnel.

Scheduling System for Planning and Progress Reporting:

- (a) The Contractor shall, within five (5) calendar days after the notice to proceed, prepare and submit for approval a practicable schedule showing the order in which the Contractor proposes to perform the work, and the dates on which the Contractor contemplates starting and completing the various salient elements of the work (including acquiring materials, plant, and equipment). The schedule breakdown shall provide an appropriate amount of detail for all key elements or any element requested by the government, along with a dollar value assigned for each element. The schedule shall easily indicate the percentage of work scheduled for completion by any given date during the performance period. If the Contractor fails to submit a schedule within the time prescribed, the Contracting Officer may withhold approval of progress payments until the Contractor submits an approved schedule.
- (b) The Contractor shall provide a monthly report of their actual progress in the format approved by the contracting officer. If, in the opinion of the Contracting Officer, the Contractor falls behind the approved schedule, the Contractor shall take steps necessary to improve its progress, including those that may be required by the Contracting Officer, without additional cost to the Government. In this circumstance, the Contracting Officer may require the Contractor to increase the number of shifts, overtime operations, days of work, and/or the amount of construction plant, and to submit for approval any supplementary schedule or schedules in the required format to demonstrate how progress will be regained.
- (c) Failure of the Contractor to comply with the requirements of the Contracting Officer under this provision shall be grounds for a determination by the Contracting Officer that the Contractor is not prosecuting the work with sufficient diligence to ensure completion within the time specified in the contract including any time extension. Upon making this determination, the Contracting Officer may terminate the Contractor's right to proceed with the work, or any separable part of it, in accordance with the default terms of this contract.
- (d) The progress schedule and monthly report shall be prepared using standard commercially available computer software in a format approved by the government. The schedule will be reviewed with the Contracting Officers Technical Representative (COTR) and the Contracting Officer by the contractor at regular status meetings. Changes will be allowed to the progress schedule only if there is a change in the projects defined performance period. When changes are made to the performance period the revised schedule shall be submitted within ten (10) calendar days.
- (e) The Contractor shall meet monthly with the COTR to discuss progress data submitted to determine and agree on the contractor's progress to date. When submitting the monthly report the contractor shall provide percent (%)

complete, actual start (AS), actual finish (AF) and projected completion and/or remaining duration (RD) for each activity. In addition, the contractor shall provide explanations for variance from the plan.

- (f) Progress payments will be made pursuant to FAR 52.232-30, Installment Payments for Commercial Items (Oct 1995). No payment will be authorized until the monthly progress report has been submitted and no payment will be made for quantities exceeding the percentage of completion or the value assigned to each completed activity as agreed upon in the contractor's monthly progress report. Payment for an activity or group of activities will be withheld for the following reasons:
- (i) Failure to furnish the schedule as outlined above.
- (ii) Failure to submit initial status report on materials ordered.
- (iii) Failure to submit additive proposals when requested by the Contracting Officer.
- (iv) Failure to accomplish submittal requirements in accordance with applicable specifications in a timely manner.
- (v) Failure to furnish accurate and timely reporting of preceding 4 items.
- (vi) Performance of work out of sequence as shown on the project schedule, until the project schedule is revised and the logic corrected to show the item of work as being performed in its proper interrelationship to other items or work. (End of Provision)

Special Invoicing instructions for contracts Containing Recovery Act Funds.

In addition to the requirements set forth in any payment and invoicing clauses contained within the contract, the following special requirements apply to those contracts with work authorized under the American Recovery and Reinvestment Act (ARRA) of 2009 (herein after referred to as the Recovery Act).

- All requests for payment for work performed subject to the Recovery Act shall be submitted separately from requests for payment for any other work performed under the contract.
- All requests for payment for work on contracts, funded in whole or in part, with Recovery Act funds, shall identify the applicable Contract Line Item Number(s) (CLINs) associated with the supplies or services being invoiced.
- All invoices/vouchers shall be submitted via e-mail with no more than one invoice/voucher per e-mail submission. Invoices shall be submitted to <u>NSSC-AccountsPayable@nasa.gov</u>.
 - The NASA Shared Services Center is the Designated Billing Office for Recovery Act invoices.

52.212-1 – INSTRUCTIONS TO OFFERORS – COMMERCIAL ITEMS (Jun 2008)

The following **ADDENDA TO FAR 52.212-1** are incorporated:

ADDENDUM TO 52.212-1 - INSTRUCTIONS TO OFFERORS - COMMERCIAL ITEMS

The following paragraph of this clause is tailored as follows:

(c) Period for acceptance of offers. Replace with the following: Period for acceptance of offers. The offeror agrees to hold the prices in its offer firm for <u>60</u> calendar days from the date specified for receipt of offers.

INSTRUCTIONS REGARDING SUBMISSION OF OFFER:

The following information is to be provided with offeror's proposal. The information requested must be provided for the prime contractor, and, if applicable, significant subcontractors.

Failure to provide any item requested below may render offeror's proposal NON-RESPONSIVE and thereby ineligible for award.

(A) PAST PERFORMANCE

The original and two complete copies of the completed Attachment 4. On those value characteristics the Offeror chooses to provide, adequate information should be submitted to permit proper evaluation. Attachment 5 - Past Performance Form (3 Copies): The Offeror shall provide information on relevant past contracts, preferably with the Government, listing contract number, contract value, agency name and point of contact (including address, telephone and fax numbers, and e-mail address, if available), what the contract was for, and status of the contract (current, terminated (if so, why), successfully completed). Offeror shall provide past performance documentation of their major subcontractors they intend on using for this project. Include written consent of your proposed subcontractors so we can discuss their past performance record. Offerors with no previous Government contracts shall so state.

(B) RELEVANT EXPERIENCE - Relevant experience is the accomplishment of work that is comparable or related to the technical work required by this solicitation, and is of similar scope, size and complexity.

At a <u>MINIMUM</u>, offerors shall provide Relevant Experience to include verifiable prior experience (with contact information) in the refurbishment of Pushboats and Barges comparable to the requirements of this solicitation.

(C) SCHEDULE - Offeror shall provide its lead time for completion in calendar days after contract award.

(D) PRICE

- 1. This procurement is exempt from the requirements of submission or certification of cost or pricing data. However, offeror is to provide a general breakdown of pricing (i.e. labor, equipment, materials, subcontracts, transportation, etc.) sufficient to determine price realism and reasonableness. Should significant subcontractors be involved, the pricing breakdown shall identify the pricing associated with each subcontractor. Cost breakdown should detail cost on the major areas of:
- (a) Tugboat: In accordance with Specification 31D00-G005, Rev 4, dry docking, inspecting, cleaning, fabricating, repairing, sandblasting, painting, installing Government furnished material and equipment to the underwater and top side of the NASA/SSC Push boat Clermont II.
- (b) Barge: In accordance with Specification 31D00-G004, Rev 2, drydock, renew, inspect, and paint, one NASA Liquid Oxygen (LOX) Barge.
 - (c) Additives as outlined in Specifications 31D00-G005 and 31D00-G004, Rev 2.
- 2. Offeror shall identify and document all (if any) assumptions, conditions, and/or exceptions upon which the price is based. Any assumptions, conditions, and/or exceptions considered by the Government to be unacceptable may result in elimination for an award.

(D) FORMAT

- 1. Proposals shall be clear and concise, and shall include sufficient detail for effective evaluation and substantiation of stated claims. The proposal shall not simply affirm, rephrase, or restate the Government's requirements, but rather shall provide convincing rationale to address how the offeror intends to meet the requirements. Offerors shall assume that the Government has no prior knowledge of their facilities and experience, and will base its evaluation only on the information presented in the offeror's proposal. Elaborate brochures or documentation, detailed artwork, or other superfluous embellishments are unnecessary and are not desired.
- 2. Offer(s) shall be signed and may be submitted in hard copy only. An original and two (2) complete copies are required.
- 3 All information and all copies of offer must be submitted no later than the date and time specified on Page 1 in Block 8 of the SF 1449. Proposals that arrive after the prescribed date and time specified for receipt of proposals will be considered late and treated in accordance with FAR 52.212-1(f)(2).
- (E) QUESTIONS Questions regarding the solicitation and/or SOW are encouraged to ensure adequate understanding of the government's requirement. All offeror questions regarding subject solicitation must be submitted no later than 3pm local time (Central) on March 19, 2010. Questions submitted after this date/time will not be accepted. Questions will be accepted via e-mail only to: carol.l.west@nasa.gov (cc: robert.s.harris@nasa.gov). Faxed or telephoned questions will not be accepted. In no event shall an offeror's failure to clarify the requirements of the solicitation constitute grounds for a protest before or after award or a claim after contract award.
- (F) PAYMENTS Payment shall be rendered, in accordance with the Prompt Payment Act, on a "Net 30" basis after receipt of a proper invoice and government inspection and acceptance of delivery. Discount terms for earlier payment may be indicated on Page 1 in Block 12 of the SF 1449.
- (G) PROPOSAL COSTS The Government will not pay any offeror for preparation of their proposal.

(H) TECHNICAL EVALUATION CONTRACTOR SUPPORT

- 1. Offerors are hereby informed that the John C. Stennis Space Center (SSC) onsite Test Operations Contractor will be providing technical assistance to the NASA proposal evaluation team, and, as such, will require access to offeror's proposal. The onsite SSC Test Operations Contractor will not be evaluating proposals. The final technical evaluation results shall be the responsibility of the NASA Technical Evaluation Team.
- 2. By submitting a proposal in response to this solicitation, offeror is acknowledging awareness of this fact. Offeror further acknowledges approval and acceptance of the technical assistance approach identified above and agrees that NASA may release to its service providers, their subcontractors, and their individual employees, sensitive information submitted during the course of this procurement.

1852.215-81 PROPOSAL PAGE LIMITATIONS (FEBRUARY 1998)

(a) The following page limitations are established for each portion of the proposal submitted in response to this solicitation.

Past Performance 25 pages Relevant Experience 25 pages Schedule 10 pages Price 25 pages

- (b) A page is defined as one side of a sheet, 8 1/2" x 11", with at least one inch margins on all sides, using not smaller than 12 point type. Foldouts count as an equivalent number of 8 1/2" x 11" pages. The metric standard format most closely approximating the described standard 8 1/2" x 11" size may also be used.
 - (c) Title pages and tables of contents are excluded from the page counts specified in paragraph (a) of this

provision. In addition, the Cost section of your proposal is not page limited. However, this section is to be strictly limited to cost and price information. Information that can be construed as belonging in one of the other sections of the proposal will be so construed and counted against that section's page limitation.

- (d) If final revisions are requested, separate page limitations will be specified in the Government's request for that submission.
- (e) Pages submitted in excess of the limitations specified in this provision will not be evaluated by the Government and will be returned to the offeror.

(End of provision)

52.212-2 EVALUATION--COMMERCIAL ITEMS (Jan 1999)

- (a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer, conforming to the solicitation, will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers: Past Performance, Relevant Experience, Schedule, and Price. Past Performance and Relevant Experience when combined are more important than Schedule. Past Performance, Relevant Experience and Schedule when combined are significantly more important than Price.
- (b) Options. N/A
- (c) A written notice of award or acceptance of an offer mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

The following ADDENDUM TO FAR 52.212-2 is incorporated:

(A) COMPETITIVE NEGOTIATED PROCUREMENT USING QUALITATIVE CRITERIA

This procurement is being conducted utilizing Best Value Selection (BVS), which seeks to make an award based on the best combination of price and qualitative merit (including Past Performance and Schedule) of the proposals submitted and reduce the administrative burden on Offerors and the Government. BVS predefines the value characteristics which will serve as discriminators among proposals. BVS evaluation is based on the premise that, if all proposals are of approximately equal qualitative merit, award will be made to the Offeror with the lowest evaluated price. However, the Government may consider awarding to an Offeror with higher qualitative merit if the difference in price is commensurate with added value. Conversely, the Government may consider making award to an Offeror whose quote has lower qualitative merit if the price (or cost) differential between it and other offers warrants doing so.

(B) EVALUATION CRITERIA

- a. The award will be made where the offeror is determined to be responsible, and the proposal is responsive and offers the best value to the government. Best value will be determined based on an integrated assessment of each proposal in terms of Past Performance, Relevant Experience, Schedule, and Price. Therefore, subjective judgment by the government is implicit in the evaluation process. Past Performance and Relevant Experience are equal in importance. Past Performance and Relevant Experience when combined are more important than Schedule. Past Performance, Relevant Experience and Schedule when combined are significantly more important than Price. If offeror does not have relevant past performance history, the offeror may not be evaluated favorably or unfavorably on past performance and will be given a neutral rating as detailed in this plan. In addition, award may be made without conducting discussions.
- b. Once all responses have been gathered, proposals will be qualitatively evaluated by team members using the below value characteristics. These value characteristics are performance-based and permit evaluation of the

proposal, which provides better results for a reasonable marginal increase in price. All proposals will be judged against these value characteristics.

(C) EVALUATION PROCESS

The Government will evaluate offers in two general steps:

Step One -- An initial evaluation will be performed to determine if all required information has been provided and the Offeror has made a reasonable attempt to present an acceptable offer. Offerors may be contacted only for clarification purposes during the initial evaluation. Offerors determined not to be acceptable shall be notified of their rejection and the reasons therefore and excluded from further consideration. Otherwise responsive proposals containing a significant variance in price from the governments estimate may be immediately removed from further consideration if there is no expectation that an award can be made at a fair and reasonable price, as it would be detrimental to the public interest to pay more than a fair market price.

Step Two -- All acceptable offers will be evaluated against the specifications/statement of work identified in this solicitation and the value characteristics identified below. Based on this evaluation, the Government has the option, depending on the specific circumstances of the offers received, to utilize one of the following methods: (1) Make selection and award without discussions; or (2) after discussions with all finalists, afford each Offeror an opportunity to revise its offer, and then make selection. You are cautioned that omissions or an inaccurate or inadequate response to these evaluation factors may have a negative effect on your overall evaluation.

Other references, aside from those provided by the Offeror, may be contacted and their comments considered during the source selection process. The information submitted may be verified by the Government through discussions with the references provided. While the Government may elect to consider data obtained from other sources, the burden of providing relevant references that the Government can readily contact rests with the Offeror.

Listed below are the value characteristics that we will utilize in the evaluation of each offer. Each value characteristic is further defined to explain the rating that each offeror will receive.

- a) Past Performance
- b) Relevant Experience
- c) Schedule
- d) Price

a) PAST PERFORMANCE CRITERIA

An offeror's past performance on similar projects will be evaluated to determine the quality of work previously provided and to assess the relative capability of the offeror to effectively accomplish the requirements of this contract. Past performance information will be used to assess the extent to which contract objectives (including technical, management, safety/quality control, and cost) have been achieved on related projects. For newly formed businesses having little or no company experience, the past performance of a predecessor firm, the company's principal owner(s) or corporate officer(s) may be considered. The lack of a performance record may result in a neutral performance risk assessment which will neither be used to the advantage or disadvantage of the Offeror. The evaluation will be based on information obtained from references provided by the Offeror of relevant past contracts performed in the past three years (Attachment 4), as well as other past performance information obtained from other sources known by the Government or any other source that may have useful and relevant information.

The Past Performance Form (Attachment 4) and the Evaluation Form (Attachment 5) shall be used to collect and record information concerning your firm's past performance and any subcontractor and/or teaming partner. Using Attachment 4, submit the names of customers, preferably the Government, where you have performed as a prime contractor and/or a subcontractor within the past three years. Offerors shall include in their proposal, the written consent of its proposed significant subcontractors to allow the Government to discuss the subcontractor's past performance evaluation with the Offeror during the discussion phase of this procurement.

The evaluation team will assign one of the following adjective ratings for each past performance form/survey received:

Very High Level of Confidence

The Offeor's relevant past performance is of exceptional merit and is very highly pertinent to this acquisition; indicating exemplary performance in a timely, efficient, and economical manner; very minor (if any) problems with no adverse effect on overall performance. Based on the Offeror's performance record, there is a very high level of confidence that the Offeror will successfully perform the required effort.

High Level of Confidence

The Offeror's relevant past performance is highly pertinent to this acquisition; demonstrating very effective performance that would be fully responsive to contract requirements with contract requirements accomplished in a timely, efficient, and economical manner for the most part with only minor problems with little identifiable effect on overall performance. Based on the Offeror's performance record, there is a high level of confidence that the Offeror will successfully perform the required effort.

Moderate Level of Confidence

The Offeror's relevant past performance is pertinent to this acquisition, and it demonstrates effective performance; fully responsive to contract requirements; reportable problems, but with little identifiable effect on overall performance. Based on the Offeror's performance record, there is a moderate level of confidence that the Offeror will successfully perform the required effort.

Low Level of Confidence

The Offeror's relevant past performance is at least somewhat pertinent to this acquisition, and it meets or slightly exceeds minimum acceptable standards; adequate results; reportable problems with identifiable, but not substantial, effects on overall performance. Based on the Offeror's performance record, there is a low level of confidence that the Offeror will successfully perform the required effort. Changes to the Offeror's existing processes may be necessary in order to achieve contract requirements.

Very Low Level of Confidence

The Offeror's relevant past performance does not meet minimum acceptable standards in one or more areas; remedial action required in one or more areas; problems in one or more areas which adversely affect overall performance. Based on the Offeror's performance record, there is a very low level of confidence that the Offeror will successfully perform the required effort.

Neutral

In the case of an Offeror without a record of relevant past performance or for whom information on past performance is not available, the Offeror may not be evaluated favorably or unfavorably on past performance [see FAR 15.305(a) (2) (ii) and (iv)].

b) RELEVANT EXPERIENCE (As a risk Factor)

Relevant experience is the accomplishment of work that is comparable or related to the technical work required by this solicitation, and is of similar scope, size and complexity. The evaluation team will assign one of the following ratings for the relevant experience characteristic:

RATING	DEFINITION	STANDARD
Low Risk	Little doubt exists, based on the offeror's experience; that the offeror can satisfactory perform this kind of work.	Extensive experience in projects of similar size, scope, complexity.
Moderate Risk	Some doubt exists, based on the offeror's experience, that the offeror can satisfactorily perform this kind of work.	Limited experience in projects of similar size and scope or extensive experience as the primary subcontractor for projects similar in size and scope.
High Risk	Significant doubt exists, based on the offeror's experience, that the offeror can satisfactorily perform this kind of work.	Very little experience in projects of this kind.

- (c) <u>SCHEDULE</u> The government will evaluate to what extent proposed schedule meets the government's needs as specified in the solicitation as well as the reasonableness of the schedule proposed.
- (d) <u>PRICE</u> Offeror must include a price for each item contained in Section B1 of the solicitation. Failure to include a price for all items will render the offer as nonresponsive and exclude them from further consideration for award.

[END OF SECTION]

52.212-3 OFFEROR REPRESENTATIONS AND CERTIFICATIONS - COMMERCIAL ITEMS (Jun 2008)

An offeror shall complete only paragraph (b) of this provision if the offeror has completed the annual representations and certificates electronically at http://orca.bpn.gov. If an offeror has not completed the annual representations and certifications electronically at the ORCA website, the offeror shall complete only paragraphs (c) through (m) of this provision.

- (a) Definitions. As used in this provision -
- "Emerging small business" means a small business concern whose size is no greater than 50 percent of the numerical size standard for the NAICS code designated.
- "Forced or indentured child labor" means all work or service—
- (1) Exacted from any person under the age of 18 under the menace of any penalty for its nonperformance and for which the worker does not offer himself voluntarily; or
- (2) Performed by any person under the age of 18 pursuant to a contract the enforcement of which can be accomplished by process or penalties.
- "Manufactured end product" means any end product in Federal Supply Classes (FSC) 1000-9999, except—

- (1) FSC 5510, Lumber and Related Basic Wood Materials;
- (2) Federal Supply Group (FSG) 87, Agricultural Supplies;
- (3) FSG 88, Live Animals;
- (4) FSG 89, Food and Related Consumables;
- (5) FSC 9410, Crude Grades of Plant Materials;
- (6) FSC 9430, Miscellaneous Crude Animal Products, Inedible;
- (7) FSC 9440, Miscellaneous Crude Agricultural and Forestry Products;
- (8) FSC 9610, Ores;
- (9) FSC 9620, Minerals, Natural and Synthetic; and
- (10) FSC 9630, Additive Metal Materials.
- "Place of manufacture" means the place where an end product is assembled out of components, or otherwise made or processed from raw materials into the finished product that is to be provided to the Government. If a product is disassembled and reassembled, the place of reassembly is not the place of manufacture.
- "Restricted business operations" means business operations in Sudan that include power production activities, mineral extraction activities, oil-related activities, or the production of military equipment, as those terms are defined in the Sudan Accountability and Divestment Act of 2007 (Pub. - (4) Have, have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.
- (i) Taxes are considered delinquent if both of the following criteria apply:
- (A) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.
- (B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.
- (ii) Examples. (A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.
- (B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability.

Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

- (C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.
- (D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).
- (i) Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126). The following ADDENDA TO FAR 52.212-4 are incorporated:

ADDENDUM TO FAR 52.212-4, CONTRACT TERMS AND CONDITIONS - COMMERCIAL ITEMS

The following paragraphs of this clause are tailored as follows:

- (a) Inspection/Acceptance. Add the following:
- (a)(1) If the contractor fails to promptly perform the services again, or to take the necessary action to ensure future performance in conformity with contract requirements, the government may, by contract or otherwise, perform the services at contractor's cost.
- (a)(2) Inspection and acceptance of the services will be performed at Stennis Space Center, MS, by the Project Directorate (PA00).
- (c) *Changes*... Replace with the following: *Changes*. Changes in the terms and conditions of this contract may be made only by written agreement of the parties with the exception of administrative changes such as changes in the paying office, appropriations data, etc., which may be changed unilaterally by the Government.
- (i)(1) The Government realizes that payment upon completion and delivery may create undue hardship. Therefore, milestone billing will be authorized in accordance with offeror's accepted milestone payment plan. Should circumstances result in the contractor's inability to deliver the final product or the contract being terminated, all materials billed and paid shall be immediately delivered to NASA or payments reimbursed.

52.222-49 -- Service Contract Act -- Place of Performance Unknown (May 1989)

- (a) This contract is subject to the Service Contract Act, and the place of performance was unknown when the solicitation was issued. In addition to places or areas identified in wage determinations, if any, attached to the solicitation, wage determinations have also been requested for the following: <u>TBD</u>. The Contracting Officer will request wage determinations for additional places or areas of performance if asked to do so in writing by <u>March</u> 19, 2010.
- (b) Offerors who intend to perform in a place or area of performance for which a wage determination has not been attached or requested may nevertheless submit bids or proposals. However, a wage determination shall be

requested and incorporated in the resultant contract retroactive to the date of contract award, and there shall be no adjustment in the contract price.

(End of Clause)

1852.228-75 Minimum Insurance Coverage. (October 1988)

The Contractor shall obtain and maintain insurance coverage as follows for the performance of this contract:

- (a) Worker's compensation and employer's liability insurance as required by applicable Federal and state workers' compensation and occupational disease statutes. If occupational diseases are not compensable under those statutes, they shall be covered under the employer's liability section of the insurance policy, except when contract operations are so commingled with the Contractor's commercial operations that it would not be practical. The employer's liability coverage shall be at least \$100,000, except in States with exclusive or monopolistic funds that do not permit workers' compensation to be written by private carriers.
- (b) Comprehensive general (bodily injury) liability insurance of at least \$500,000 per occurrence.
- (c) Motor vehicle liability insurance written on the comprehensive form of policy which provides for bodily injury and property damage liability covering the operation of all motor vehicles used in connection with performing the contract. Policies covering motor vehicles operated in the

United States shall provide coverage of at least \$200,000 per person and \$500,000 per occurrence for bodily injury liability and \$20,000 per occurrence for property damage. The amount of liability coverage on other policies shall be commensurate with any legal requirements of the locality and sufficient to meet normal and customary claims.

(d) Comprehensive general and motor vehicle liability policies shall contain a provision worded as follows:

"The insurance company waives any right of subrogation against the United States of America which may arise by reason of any payment under the policy."

(e) When aircraft are used in connection with performing the contract, aircraft public and passenger liability insurance of at least \$200,000 per person and \$500,000 per occurrence for bodily injury, other than passenger liability, and \$200,000 per occurrence for property damage. Coverage for passenger liability bodily injury shall be at least \$200,000 multiplied by the number of seats or passengers, whichever is greater.

Metrics for Schedule Requirements

In order to ensure there are defined and objective metrics to determine progress towards completion and to assist in compliance, the successful contractor shall provide within 5 days after the notice of award their preliminary responses for their Scheduling System for Planning and Progress Reporting. This is in addition to the final schedule and shall include major parts, and components that are approved by the Contracting Officer's Technical Representative (COTR) for the approved schedule (e.g. Bar Chart). Percent Complete for the purpose of ARRA reporting is based on amount of work completed not dollars expended. The schedule breakdown shall provide an appropriate amount of detail for all key elements or any element requested by the government, along with a dollar value assigned for each element. The schedule shall easily indicate the percentage of work scheduled for completion by any given date during the performance period. The schedule shall indicate lead time for materials, repair/installation, and financial detail to allow determination of % complete for progress payments. The preliminary schedule must be submitted in Microsoft Office Project 2003 and as a minimum address the following:

- 1. Receipt of Pushboat
- 2. Receipt of Barge
- 3. Schedule of tasks to be completed
- 4. Receipt of Materials
- 5. Completion/Delivery of Pushboat
- 6. Completion/Delivery of Barge
